

6 June 2013

**CORRECTION TO IGS NEWSLETTER (ISSUE #7 - 17 MAY 2013)**

**Printed Tickets (Vouchers)**

Further to our IGS Newsletter (Issue #7 - 17 May 2013) and the article headed "**Printed Tickets (Vouchers)**", IGS would like to make a correction.

The functionality of having the venue name and address printed on printed tickets (vouchers) after a master reset will be implemented in a later IGS software release. The venue details on a printed ticket (voucher) is configured by the host and not controlled by the EGM.

IGS apologies for any inconvenience caused to Venue Operators by this inaccuracy.

Yours sincerely,

**Intralot Gaming Services Pty Ltd**
