Monitoring Fees

Core Monitoring Fee, Linked Jackpot Services Fee and Jackpot Financial Services Fee

Consistent with clause 12.6 of the Venue Monitoring Services Agreement, the Monitoring Fees payable to Intralot Gaming Services Pty Ltd (IGS) are annually adjusted to Consumer Price Index movements every year on 16 August. The adjustment date is referred to as the **Fee Adjustment Date** in your Venue Monitoring Services Agreement.

For the purposes of calculating the **CPI Adjustment** (as defined in clause 1.1 of the Venue Monitoring Services Agreement), the **Consumer Price Index (All Groups) for the City of Melbourne** published by the Australian Bureau of Statistics for the 30 June 2017 quarter is **111.0** and the CPIX number (for the 30 June 2016 quarter) is **108.6**. This means a percentage increase in the Core Monitoring Fee, Linked Jackpot Services Fee and Jackpot Financial Services Fee of **2.2%** from 16 August 2017.
