

19 April 2012

Notification for Connection to the IGS Monitoring System

We refer to the VCGLR Information Sheets issued in March 2012 regarding connecting your venue's Available Gaming Machines to the IGS Monitoring System. Please refer to these for further details.

Please find enclosed important information to enable the connection of your Available Gaming Machines to the IGS Monitoring System on 16 August 2012.

You are requested to provide your Venue's Notification to IGS and the VCGLR by **18 May 2012**. For this purpose we enclose a **Venue Notification for Connection** form for you to complete. The information you are requested to provide is to reflect the Available Gaming Machines on your Venue's gaming floor as at 16 August 2012.

In addition to the enclosed Venue Notification for Connection form, venues are required to complete forms marked Annexures A, B, C & D, a copy of each are attached. Forms marked Annexures C & D are available online for download at the IGS website, www.igsmonitor.com.au.

Once completed please return all documents via email, as an attachment, to IGS at: info@igsmonitor.com.au and VCGLR at: egminfo@vcglr.vic.gov.au

The Gaming Operators have agreed to provide the relevant information for machines purchased through them and expect to provide this by 11 May 2012. You could use this as a basis for your response. Your Managed Services Provider might also assist you with completing this form if you have appointed one. If you have any questions, please contact our Help Desk on 1300 760 935.

It is important to note that:

- ♦ if your Notification is received by IGS after 18 May 2012, but before 16 August 2012, your venue's Available Gaming Machines will be connected within 28 days from 16 August 2012.
- ♦ if your Notification is received by IGS after 16 August 2012, your gaming machines will be connected within 28 days of the date of the Notification.

Please do not hesitate to contact us should you require any clarifications.

Yours sincerely

Arthur Baoustanos
Communications Director
